<sup>4</sup> Not for use on FS 240 or FS 240 R  
<sup>5</sup> Only fits FSA 57 trimmers starting with serial number 9XXXXXXXXX.  
<sup>6</sup> Only fits FSA 57 trimmers starting with serial number 5XXXXXXXXX.

**Note:** Numbers with “mm” show arbor size. Consult your instruction manual or your authorized STIHL Dealer for approved cutting head/deflector combinations.  
**Note:** Barrier bar and large deflector must be attached when using a metal blade with loop-handle (R) trimmer.  
**Note:** Specifications are as of Oct. 1, 2021. For most recent updates, visit [STIHLusa.com](https://www.stihlusa.com).  
**IMPORTANT INFORMATION**  
**WARNING:** Improper use of any brushcutter trimmer can cause serious or fatal injury. Read, understand and follow all safety instructions in your instruction manual. To reduce the risk of injury from blade contact, circular saw blades may be used on FS brushcutters that have a bicycle handle and double shoulder harness and not on FS brushcutters with a “J” handle or loop handle (R). Other rigid blades may be used on FS brushcutters having a bicycle handle, a “J” handle, or a loop handle equipped with a barrier bar. To reduce the risk of eye injury, always wear proper eye protection. Always use the appropriate deflector for the type of cutting attachment, as explained in your instruction manual.

**IMPORTANT INFORMATION**  
**WARNING:** Improper use of any brushcutter trimmer can cause serious or fatal injury. Read, understand and follow all safety instructions in your instruction manual. To reduce the risk of injury from blade contact, circular saw blades may be used on FS brushcutters that have a bicycle handle and double shoulder harness and not on FS brushcutters with a “J” handle or loop handle (R). Other rigid blades may be used on FS brushcutters having a bicycle handle, a “J” handle, or a loop handle equipped with a barrier bar. To reduce the risk of eye injury, always wear proper eye protection. Always use the appropriate deflector for the type of cutting attachment, as explained in your instruction manual.
